

Group introduction

Members:

1. Nguyễn Khánh Thịnh (Leader)
2. Đồng Xuân Thủy
3. Nguyễn Mạnh Cường

Telephone: 0974471742 or 0995765761 (Thịnh)

School: University of Engineering and Technology, Vietnam National University, Hanoi

Introduction:

We are all second-year students from University of Engineering and Technology, Vietnam National University, Hanoi. We study computer science in the same class. We worked together very much so we understand each other. We have the same desire in creating software product. We really concern about open source development. This is the reason why we decide to take part in “Creative Summer” exam. We want a chance to challenge and increase experience.

Language:

- Vietnamese: native language
- English: good fluency (Well trained by 2010 English Strategic Mission Student Course of Vietnam Nation University in University of Language and International Studies)

Computer Skills:

- Programming language: C/C++, Java, Python, Action Scripts, Android
- Web development: HTML, CSS, JavaScript, mySQL, PHP, Python/Django
- Microsoft Office
- Photoshop

Experience:

Project we have developed:

- <http://www.uetwikis.co.cc/>
- <http://quizzes-group-7.herokuapp.com/>
- <http://allthink-g9.herokuapp.com/>
- <http://flashcard02.herokuapp.com/>

Strength of members:

- Thinh has ability to connect other members. His English skill is good.
- Cường has most experience in Java. He is creative and active student.
- Thủy has most experience in Web development. He has high concentration ability and good thinking.
